

San Francisco Bay Fish Project Education Materials on Contaminants in Fish

Federal, state and local agencies have issued health advisories that recommend limiting or avoiding consumption of fish known to be high in mercury and other chemicals. The San Francisco Bay Fish Project has various health education materials available at no cost to assist in getting a balanced message out to the public about eating fish safely.

Four-panel Brochure on the San Francisco Bay Fish Eating Guidelines

This brochure outlines the updated San Francisco Bay health advisory for fish, released in 2011. Available in 11 languages. Two different covers (shark or clinic). For more information about the advisory, see: http://oehha.ca.gov/fish/nor_cal/2011SFbay.html. Copies of the brochure can be ordered on the back of this form. Downloadable here: <http://www.sfei.org/content/educational-materials>

Kiosk Poster of the San Francisco Bay Fish Eating Guidelines

Postable kiosk version of the updated San Francisco Bay health advisory for fish, released in 2011. Available in English, Spanish, Chinese and Vietnamese. Downloadable here: <http://www.sfei.org/content/educational-materials>

Advice on Mercury in Fish for Women and Children

Mercury in Fish Handout (8.5" x 11") - Two-page handout providing safety guidelines for women and children on eating fish bought from stores and restaurants and fish caught by family and friends. Available in English, Chinese, Spanish, and Vietnamese. Downloadable here: http://www.ehib.org/paper.jsp?paper_key=MERC_FISH_LOW

Mercury in Fish Postcard

Developed by CDPH Women, Infants and Children (WIC) Program, this low-literacy color postcard describing guidelines for women and children on eating fish bought from stores or restaurants and fish caught by family and friends. Available in English, Chinese, Spanish, and Vietnamese. Downloadable here (scroll to : "Safety Tips About Fish"):
